

CITATION GUIDELINES

REFERENCES

Please use footnotes for your source citations. Ivey's note citations are based on *The Chicago Manual of Style*, 16th edition (2010). Do not indent your citations. Please always assume that a full source is required and provide as much detail as possible. Primary sources are preferred when available. *Wikipedia* is not an admissible reference source for Ivey cases. Verbatim material should be enclosed in quotation marks and footnoted.
